Programmes of biodiversity treaty

2085. SHRIMATI KAMLA SINHA : Will the Minister of ENVIRONMENT AND FORESTS
be pleased to state :

(a) what follow-up programmes Government propose to take in respect of biodiversity treaty ;

(b) whether it is a fact that Article 4 of the treaty stipulates that he emission level of carbon diodde should be retrained at the level of 1990 over the period upto the year 2000 ;

(c) whether Government are contemplating any major changes in industrial development strategy ; and

(d) if so, the details thereof ?

THE MINISTER OF STATE OF THE MINISTRY OF ENVIRONMENT AND FORESTS (SHRI KAMAL NATH) : (a) A Convention on Biological Diversity was signed by over 150 countries, including India, during the United Nations Conference on Environment and Development at Rio de Janeiro, Brazil, from June 3—14, 1992. The follow-up action in India will focus mainly on dissemination of information about the contents of the Convention, consultations with other Ministries, Departments and a-gencies at the Central and State levels and with experts and nongovernmental organizations, preparation and implementation of programmes for the conservation of biological diversity in the country and necessary steps towards checking unrestricted access to biological resources, including genetic resources.

(b) Article 4 of the aforesaid Convention on Biological Diversity deals with the "jurisdictional scope" of the provisions of the Convention and does not deal with carbon dioxide emissions.

(c) No such proposal is under consideration in the context of the Convention on Biological Diversity.

(d) Does not arise.
